ReviveFM 94.0

REVIVING COMMUNITIES

Based in the heart of London's East End, ReviveFM is an exciting talk-based radio station – broadcasting 24/7 on FM 94.0. With shows in English, Urdu, Punjabi and Bengali, we discuss and debate some of the most important topics facing our community.

From Islamophobia and racism to domestic violence and knife crime, our shows are aimed at tackling social, domestic and welfare issues that are prevalent in our society. Along with educational talks and motivational lectures, we have an extensive playlist of traditional Qawwali, Nasheeds and contemporary sufi music. Our hourly news bulletins ensure our listeners are kept up-to-date with the latest developments from around the world.

Presenters & Shows

We have over fifty presenters at ReviveFM, all of who are community activists and present shows on their areas of expertise. We have regular shows on religion, politics, women empowerment, youth, health, current affairs, lifestyle and poetry.

Making a real difference

ReviveFM provides a much needed platform for the community, in particular for young people, giving them a channel to discuss and debate issues that are meaningful to them. This platform also allows us to build bridges between communities through developing understanding by experience-sharing and positive dialogue. We organise events, workshops and training for young people, giving them the opportunity to build skills and confidence needed for active participation in society.

KEEPING IT LOCAL

We believe in supporting **local** businesses. **Local** listeners means **local** customers!
